Science- States of matter, digestion and teeth

Forest Schools- Sessions will run over the year and you will be informed by email when your child will be taking part so that they can bring in the appropriate clothing.

Additional Information

Homework See separate timetable

Please practise ALL times tables as children are expected to know all facts up to 12x12 and related division facts by the end of Year 4 and will be expected to take part in the Statutory Times Tables Check. Please ensure homework is completed to an appropriate standard (as it would in class). Please use a pencil for written work.

PE Days—Sessions will be on Mondays and Thursdays. PE sessions may sometimes run on other days when we have visiting coaches so please ensure your child has a full PE kit in school every day. All jewellery should be removed prior to PE days (or pupils should be able to take ear-rings etc. out by themselves). Please ensure all clothing is clearly labelled with your child's name.

Thinking and Learning skills in year 4

In year 4 we will be encouraging our children to be more independent and develop a positive approach to challenges, recognising the amazing things we can achieve when we put our minds to it.

To become a Year 4 super learner we will focus on being Responsible - doing the right thing, Resilient - Not giving up, Resourceful - using people or things around you to solve a problem and Responsive - react quickly and be ready to learn.
